# Facilities providing PrEP ( Dec 2017)

# Pre-exposure prophylaxis: overall priorities

Priority Areas	Priority actions
<b>Scale up of PrEP</b>	<p>Target for 2017/2018 is 87,000 persons on Prep : estimated coverage about 15%</p> <ul style="list-style-type: none"> <li>• Implement as a comprehensive prevention package for clients</li> <li>• Integrated into existing services for different populations e.g. YFS for AYP</li> <li>• Private sector engagements for scale up of PrEP within private sector</li> <li>• Communication , advocacy</li> </ul>
<b>Generation of data for PrEP</b>	<ul style="list-style-type: none"> <li>• Rolling out of M and E tools and invest in EMR for Prep</li> <li>• Impact modelling, Costing of provision PrEP</li> <li>• Surveillance – outcomes , demand and uptake by sub-populations, provider and client preferences</li> </ul>
<b>Adherence, retention</b>	<ul style="list-style-type: none"> <li>• Investment in client follow up and support mechanisms</li> </ul>
<b>Coordination</b>	<ul style="list-style-type: none"> <li>• Technical meetings , data generation and hosting , monitoring, supervision , QA, both at national and county level</li> </ul>

# Coordination and Planning

Activities/ priorities	Partner Support
Quarterly TWG meetings	
Quarterly Sub committees meetings - planning and coordination, research, commodities, service delivery , m and e, communication	
Annual CASCO and Partners meeting ( progress review , best practice-clustered)	
Documentation of roll out of PrEP in Kenya	
Review of PrEP roll out scenarios ( new estimates and scale up )	
•Define County clusters based on epidemic	
Conduct a partners resource mapping and stakeholders analysis( implementers, key actors)	
Develop online directory of services and PrEP resources	
Support counties set up PrEP coordination structures ( develop county SOPs, set up TWGS and support meetings)	

# Service Delivery and Operations

Activities/ priorities	Partner Support
Develop PrEP Operational guideline/ materials for adherence retention, cohort monitoring for Clients and HCWs	Global fund part support
Develop a national training and mentorship plan, inventory of trained staff	
Printing and distribution of service provider toolkit	
Conduct targeted trainings of TOTs in counties	
Private sector engagement including <ul style="list-style-type: none"> <li>•stakeholders meetings</li> <li>•Capacity building</li> <li>•Support assessments and accreditation</li> </ul>	
Annual DQA and service quality audits	
Development of comprehensive prevention package toolkit	Global fund support

# Monitoring and evaluation

Activities/ priorities	Partner Support
Roll out data tools (printing, training distribution), DHIS reporting support	
Develop HIV prevention cascade	
Support for PrEP electronic medical records	
Develop and produce quarterly progress reports for dissemination to counties and stakeholders	
Development of dashboards/data visualization tools	
Roll out existing tools (printing, training distribution)	

# Research and Surveillance

Activities/ priorities	Partner Support
Create a PrEP evidence data repository at NASCOP- past, current and planned studies ( potential to combine with documentation)	
Surveillance of HIV Seroconverters HIV DRT plan	GEM-USAID Support
Costing and cost effectiveness of PrEP in Kenya: consolidate existing data to determine unit cost of service	
Conduct research as agreed on research agenda ( across the various areas )	(Partner to highlight any current priority research areas)

# Communication and Advocacy

Activities/ priorities	Partner Support
Develop communication strategy and implementation plan	
Develop communication material by target groups	
Develop & support survey for service providers on PrEP	
Printing of communication materials	
Community consultations	
Support conduct of continuous demand creation activities Including mass media campaigns	
Identify national & community PrEP champions and train them	
Training of media teams - continuously	
Conduct forums/outreach at tertiary institutions -integrated with HTS as part of combined prevention package.	

# Commodity security

Activities/ priorities	Partner Support
Procurement of commodities for Prep ( ARVS)	
National quantification for PrEP and related laboratory products	
Dissemination of revised LMIS tools ( print and distribution and training)	
Support reporting of commodity data into DHIS 2 and electronic dispensing tools across facilities ( TA to facilities and supervision)	
Capacity building on pharmacovigilance and rational use of PrEP commodities
